NATIONAL CENTER FOR HIV/AIDS DERMATOLOGY AND STD

DMU-Training on Data Quality Control and Data Cleaning to PDMO

May 16-18, 2023 | Siem Reap Province.

The National Center for HIV/AIDS, Dermatology and STD (NCHADS) conducted a training on data quality control and data cleaning in SOKHALAY Angkor Hotel, Siem Reap province for providing the knowledge and method for improving data quality and instructing about cleaning data for each database. This training was financial supported by **GFATM** and technical supported by FHI360-EpiC.

The participants of this training are provincial data management officers and data entry clerks from 10 provinces such as: Takeo, Kampong Thom, Oddar Meanchey, Kratie, Steung Treng, Kandal, Preah Vihear, Banteay Meanchey, Ratanakiri and Mondulkiri. The training was run in full 3 days including presentation, group discussion and practical session with the facilitation by **NCHADS-DMU** and **EpiC**.

MA. Chea Chamnan, representative of DMU Chief from NCHADS Management Team, had provided the key messages regarding to expectation of this training, informative remark around Data Quality, Data Cleaning and opening announcement for the training before technical sessions from facilitators.
